

## Règles du jeu :

9 pièces sont à placer dans une grille de 9 cases.

Chaque tableau nous donne des indications pour savoir où placer les pièces.

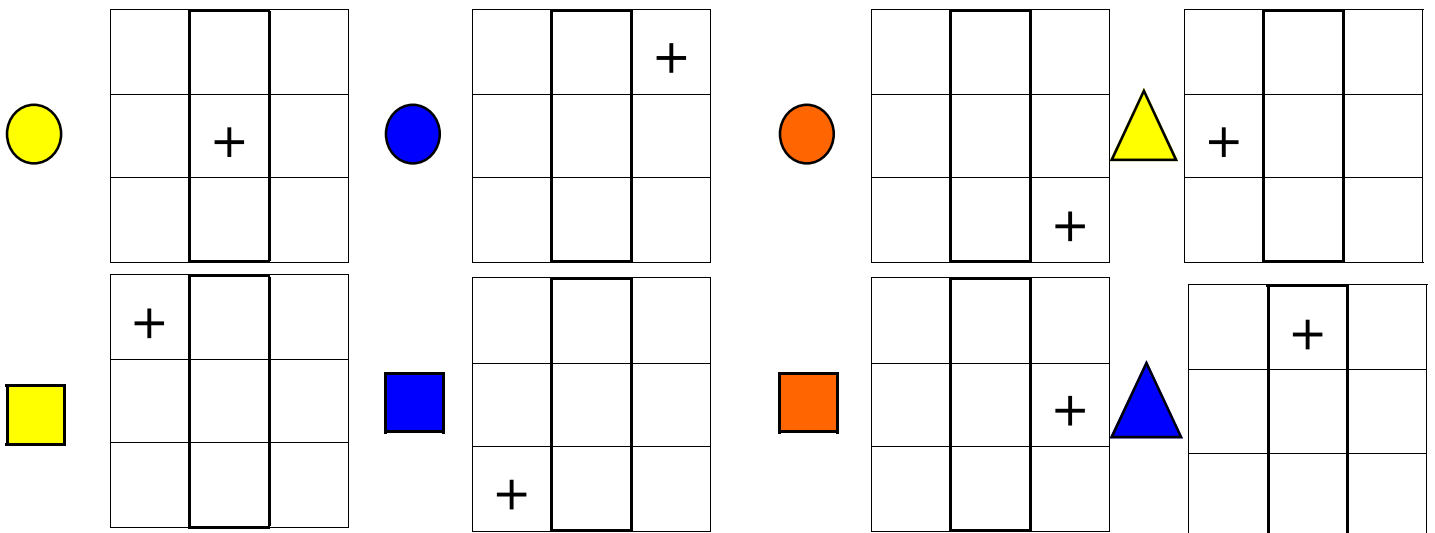

Un + nous dit où mettre la pièce.

Un X nous interdit de placer la pièce dans la case cochée.

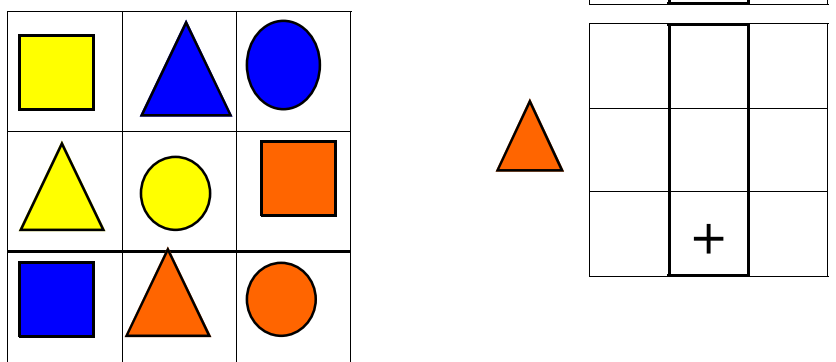

=> Le triangle jaune est obligatoirement dans la case du milieu.

Le carré bleu ne peut pas être dans la case cochée.

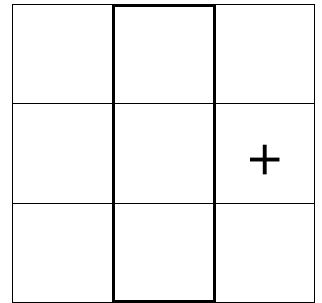

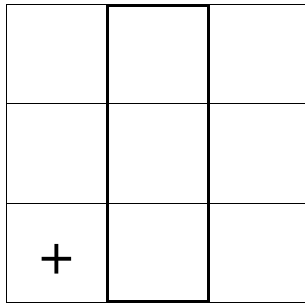

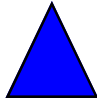

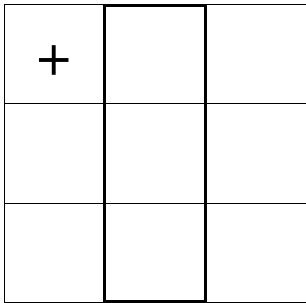

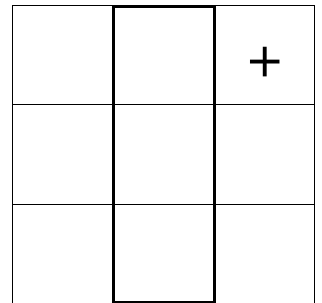

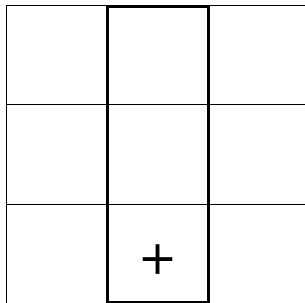

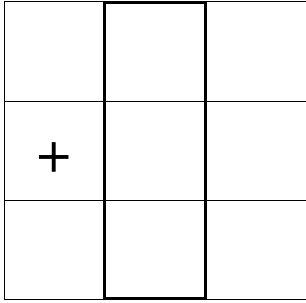

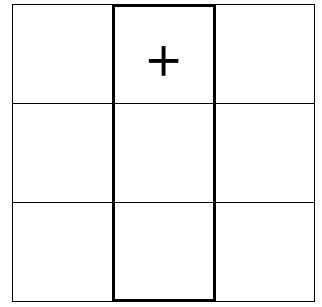

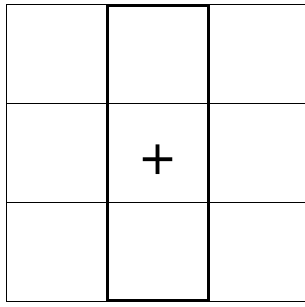

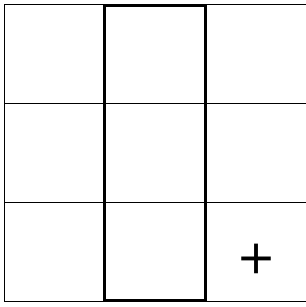

Exemple :

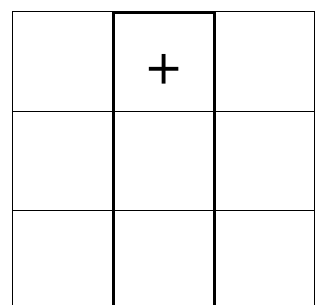

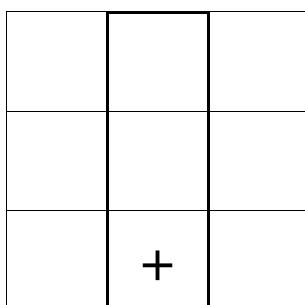

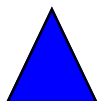

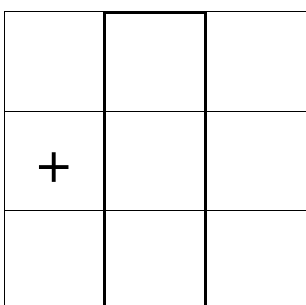

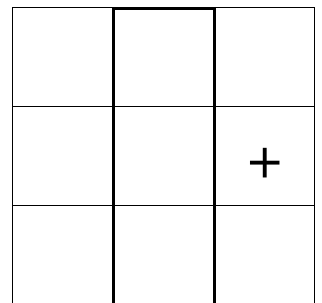

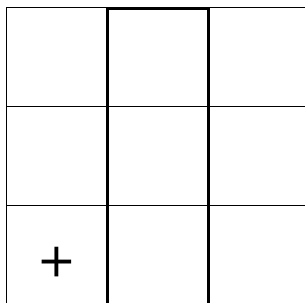

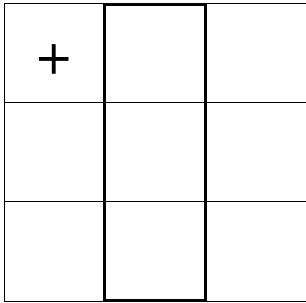

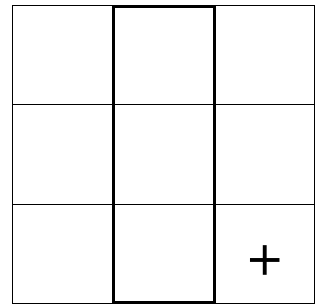

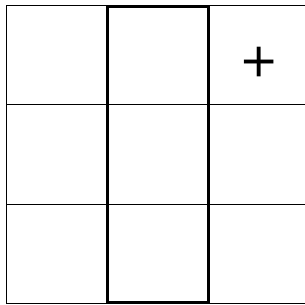

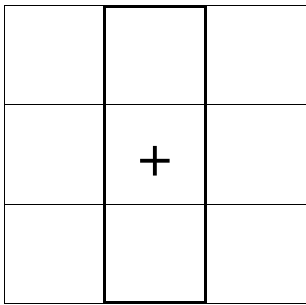

Grâce aux indications,  
Je trouve la solution :
